

Enabling WiFi Calling on iPhone (Currently AT&T Only)

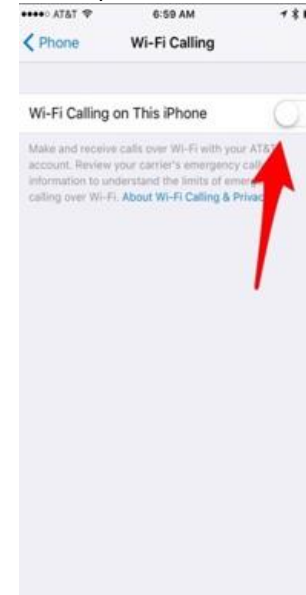

1. Launch the settings app
2. Scroll down and select Phone from the list of options

3. Select Wi-Fi calling from the top of the list

4. Slide the Wi-Fi calling switch to the *On* position. (When lit green it means it is on)

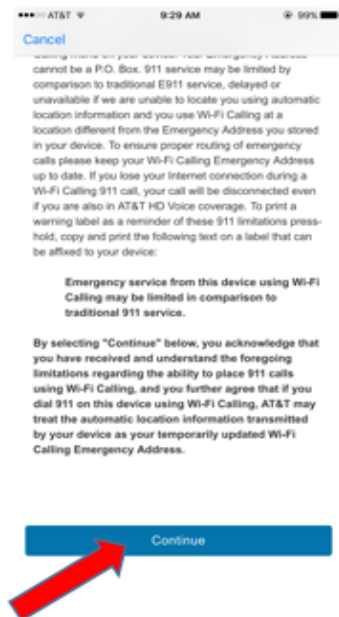

5. Choose "Enable" on the Enable Wi-Fi Calling screen

6. Click "Continue"

7. Scroll down and click "Continue"

8. Select "OK"

9. Enter your home address and click "Verify Address"

10. Select "Use this address"
