## Information Technology Policy System Design Review of Electronic Information Systems Questionnaire

**Effective Date** 

	OPD-INFRM005A	September 21, 2007					
	<b>Category</b> Information	<b>Supersedes</b> None					
	<b>Contact</b> RA-ITCentral@pa.gov	Scheduled Review March 2024					
-	Questionnaire to be completed and submitted via email to <a href="RA-OAEDO@PA.GOV">RA-OAEDO@PA.GOV</a> before the implementation of an electronic information system.						
Records management review of new or existing electronic information systems:							
i	<ol> <li>Have records retention and disposition schedules been created and approved for the information contained in the system? To obtain this information contact the manager of the appropriate program area or the agency records coordinator.</li> </ol>						
	<b>Yes</b> – List the record series item numbers and associated retention periods below and continue with question 2.						
	No – Contact your agency's records coordinator to schedule the information and then continue with question 2 after records have been scheduled. (Preliminary schedules may be used to complete this questionnaire but official schedules are to be obtained as soon as possible.)						

2. Will the information system store data that will need to be managed over time?		
	Yes	
	No	
	<b>No</b> , review of the information system for records management requirements is not equired, and the completion of the remainder of this questionnaire is not required.	
	<b>Yes</b> , provide the following information for each series of records with a retention eriod need:	
	<b>a.</b> Describe the hardware, software, and network components of the system, including any database management software, client software, and any non-standard or customized programs.	
	<b>b.</b> List the electronic file formats in which records are stored within the system.	
	<b>c.</b> For each series of records (scheduled for retention five or more years) within the system, describe plans to migrate the records to new hardware or software platforms. This information shall include how records will be separated from other records, purged from the system when they have reached the end of their retention period, and if records move from active-use to inactive-use.	
	<b>d.</b> Briefly describe the backup and disaster preparedness and recovery plan(s).	
	<b>e.</b> Describe the security plan and access controls to guarantee the authenticity of the records in each system.	

established with Commonwealth Standard IT Terms and Conditions.		
	Yes	
	No	
	Not applicable (internal solution)	
	If no:	
	a. Describe any exemptions related to records management.	
	b. For new and existing contracts, describe the agreed upon process for the migration of data upon termination of contract with the vendor.	

	y records in the information system scheduled for retention for longer en (10) years and/or permanently?
☐ Yes	
□ No	
If <b>Yes</b> ,	provide all of the information below for records scheduled for retention longer
than ter	n (10) years:
for sol	nce significant and multiple migrations involving hardware, software, and even multiple migrations involving hardware, software, and even multiple migration with records in this category, describe how the lution and formats chosen will facilitate long-term preservation of the information the system.
	escribe processes which will be developed to ensure records remain unaltered and estworthy over an extended time period.
ma	escribe procedures that will be established for periodic auditing of the records anagement compliance for this information system, including outside review by and PHMC.
	the records within the system are subject to the Right to Know Law and other blic requests, describe how access will be accommodated over the long-term.
rec	Il other parties take custody of the records or have a role in preserving the cords? If yes, have they been notified regarding this role and the duration of this e? Explain.

This chart contains a history of this publication's revisions.

Version	Date	Purpose of Revision
Original	09/21/2007	Base Document
Revision	11/18/2010	ITP Refresh
Revision	06/25/2021	ITP Refresh
Revision	03/14/2023	Added resource account for submission of questionnaire  Question 1 – Removed reference to PHMC  Question 2 – Updated Life-Cycle stages to match OCRIM terminology  Question 3 – New question related to solutions hosted by third parties
